A Stylish Rig

Is as easy to have and as inexpensive to buy as one that is several years behind the times, if you buy of us. We make a study of styles and prices; we know how to buy, where to buy, and by buying in large quantities for spot cash we get rock bottom prices and the lowest freight rates. These are reasons — and good reasons, too — why we can save you money on vehicles and harness, and sell you the best goods at what others would have to charge you for inferior

grades. We sell all kinds of horse furnishings.

HARDWARE

Is our stand-by. We carry a large stock of fine locks, knobs, and all the numerous articles that go to trim properly the doors and windows of modern houses. We take contracts for the hardware complete for trimming public buildings, hotels, blocks and fine residences, insuring a harmonious scheme of selected designs throughout at the lowest possible price. Our

PAINT, OIL and VARNISH Dept.

Contains all the staples and most of the specialties in the paint and varnish line. If you can't find what you want in this line at our store, you won't find it in the city.

RUBEROID

Is the name of a roofing that is not subject to rust or corrosion; that successfully resists acids and alkalies, smoke, gases, fire, intense heat and unequal and varying temperature; that is weather-proof and water-proof. It is easy to lay. Write us for samples and prices.

ATTENTION

Is called to the fact that your life insurance is a "Sacred" Investment for isn't it apt to represent the bulk of your estate in event of death or the accumulation of years of hard work? Do you think there is any danger of your making too safe? The state of New York stands ready to put its state seal on any policy that the Security Mutual Life Ins. Co. issues. This means absolute security and Security Mutual is the only company operating at the present time that offers this inducement.

RIGHT FACE

Here and dissect your premium for a moment. Do you know what part of the premium (the term applied to the good money you are paying every year to the company) can be legitimately used for expenses in conducting the business? Isn't this rather a pertinent point and one that you have a right to know about and at the same time isn't it a fact that the Company you are insured in ignores this altogether? In Security Mutual's contracts the expense element of the premium is inflexible and so guaranteed in the policy.

FORWARD

Is the watchword of this progressive Company in this and every detail of the life insurance business. So it's up to you before taking insurance or increasing what you already have to
